denodo

JOB OFFER: JAVA PRODUCT DEVELOPER

Denodo is a Galician software company with international projection and offices in A Coruña (Spain), Madrid (Spain), London (UK), Munich (Germany), Paris (France), Milan (Italy), Palo Alto (CA, USA), New York City (NY, USA), Chicago (IL, USA), Boise (ID, USA), Singapore, Chennai (India), Sydney (Australia) and Tokyo (Japan).

Denodo Platform is our software product to deploy Enterprise Data Services through Data Virtualization and Cloud Data Integration technologies. It provides consuming applications with unified data views over distributed and heterogeneous data sources, including Relational Databases, Multidimensional Databases, NoSQL databases, SOAP and REST Web Services, Packaged Applications (e.g. SAP), etc.

We are looking for engineers for our Technology team, to work as Java Developers in the fields of product, product tooling and connector development, in our offices in A Coruña (Spain).

We need people meeting the following requirements:

- BS or higher degree in Computer Science
- Good verbal and written communication skills in English.
- Strong analytical and problem-solving abilities.
- Team worker with a positive attitude.
- Knowledge of the Java Platform.
- Knowledge of OO Design Patterns.
- Knowledge of SQL and relational database design.

We value knowledge and/or experience in the following (these are *not* required):

- Java Web Applications and related technologies, esp. server-side.
- Development Lifecycle and Version Control (pref. Maven and git).
- Spring Framework, Spring Boot and/or related technologies.
- Hadoop, Spark and NoSQL Databases.
- Data Governance and Metadata Management systems.
- Business Intelligence tools (Microstrategy, Tableau, Power BI…)
- Microsoft Application Development Platform (esp. data access)
- Client-side Web and Mobile technologies.
- Software security techniques and technologies.

How to apply

You can apply at http://denodo.com/career/coruna-spain/java-product-developer. Include your resume, as well as (optionally) cover letter, academic records, references or any other relevant information you consider.
