

JOB OFFER

Systems Administrator for EmpathyBroker

EmpathyBroker Commerce Search is the engine that powers on top retailers online (Massimo Dutti, Mango, Pepe Jeans or Mediamarkt).

The main company values are teamwork, commitment, innovation, creativity and excellence.

What are we looking for?

We are looking for hardworking, enthusiastic and open minded people, with the capacity to empathize with the final user!

The place of work is **Narón** or **Gijón**. You would enjoy an amazing work environment, with the best equipment and many other social benefits.

Skills and Abilities

- Experience with service monitoring (response times, health check, etc)
- Python 2.7/3+
- Fabric/Terraform/Puppet like systems experience

Nice to have

- Experience with Prometheus and Zabbix
- Experience with AWS
- Knowledge about distributed systems (even multi datacenter)

If you hold these skills, [contact us](#).
