

## CALL FOR CITMAGA STAFF RECRUITMENT JOB VACANCY

**TITLE:** “Hiring within the framework of the own research program of the consortium Centro de Investigación y Tecnología Matemática de Galicia (CITMAGA), approved by the Consejo Rector on May 25, 2022, for the development of the Scientific Agenda of CITMAGA. In the Research and Transfer Area “Industrial Competitiveness” within the research program “Mathematical modelling for industry” and in the research line “Modelling, numerical simulation, optimization and control of scientific and industrial problems”.

**JOB VACANCY REFERENCE:** CITMAGA-OT-09/2026.

**DESCRIPTION OF JOB POSITION:** 1 full-time as an associated researcher.

**ACTIVITIES TO BE CARRIED OUT:** carrying out research tasks in the Research and Transfer Area “Industrial Competitiveness” within the research program “Mathematical Modelling for Industry” and in the research line “Modelling, numerical simulation, optimization and control of scientific and industrial problems”.

**FUNCTIONS TO BE PERFORMED:** Mathematical modelling and numerical simulation of problems in science and industry related to electromagnetism, heat transfer, fluid dynamics and their coupling.

**CANDIDATES PROFILE:** PhD (doctorate)

### MERITS AND REQUIREMENTS TO BE ASSESSED:

**Training and general experience to be assessed (40 points, all contributions must be documented).**

- Academic file of grade/degree/engineering. Master's file (in your case). Doctor title. Degree of affinity between the doctoral thesis and the proposed research line. The degree of affinity between the candidate's qualifications and the scope of Applied and Industrial Mathematics will be assessed. (25 points).
- Knowledge of English (5 points).

**Knowledge and additional and specific experience to be assessed (30 points, all contributions must be documented).**

- Accredited training in modelling, numerical simulation, numerical methods specific to these disciplines, and particularly those related to electromagnetism, heat transfer and fluid dynamics. (8 points).
- Accredited work experience in participation in competitive projects and/or transfer contracts oriented to the numerical simulation of industrial processes. (12 points)

- Collaboration at international level with companies and/or research centres within the scope of numerical simulation. (3 points)
- Demonstrated experience in publishing scientific articles in JCR-indexed journals and presenting research at scientific conferences. (5 points)
- Demonstrated training and experience in scientific programming and numerical computing using languages such as C, Fortran, Python, and MATLAB. (5 points).
- Accredited training and experience in the use of numerical simulation and the resolution of multiphysics problems. (7 points).

### **Personal interview (30 points).**

Candidates achieving the best assessments according to the above criteria will be called to a personal interview. At least the three best rated candidates will be interviewed and between the two previous sections have reached at least 40 points.

**General criterion of the selection process:** that under equivalent conditions of suitability (equal merits) between two or more candidates, the person of the least represented sex in the type of position offered will access the position.

### **GENERAL REQUIREMENTS FOR CANDIDATES**

To be admitted the applicants, in addition to fulfilling the specific requirements demanded in the activity or project for which they make their request indicated in the previous point, they must have on the day of completion of submission of applications and keep them until the expected date of completion of the contract, the following general requirements:

- Be Spanish or national of any of the other Member States of the European Union or national of any state to which, by virtue of international treaties concluded by the European Union and ratified by Spain, the free movement of workers applies.
- The spouse of Spaniards and nationals of one of the other Member States of the European Union may also participate, whatever their nationality, and when the corresponding treaty so provides, or of nationals of a state to which by virtue of the international treaties concluded by the European Union and ratified by Spain, the free movement of workers applies to them, provided they are not legally separated. Likewise, with the same conditions, their descendants and those of their spouse, under the age of twenty-one or older than that who live in their charge, may participate.
- Likewise, nationals of countries that are not members of the European Union or that are not included in the scope of international treaties concluded by the European Union and ratified by Spain in which the free movement of workers is applicable may participate. However, the formalization of the employment contract with these nationals is conditioned to the applicants having granted the exception or work permit and legal residence in Spain.
- Be at least 16 years old.
- Being in possession of the valid degree in Spain that is indicated according to Spanish

legislation.

- Be in possession of the title and other requirements demanded in the call for each category at the end of the application period.
- Not suffer any disease or be affected by physical or mental limitation that is incompatible with the performance of the corresponding functions.
- Not to be separated, by means of a disciplinary file from the service of any of the public administrations, nor to be disabled for the performance of public functions.

#### CONDITIONS:

Gross monthly salary: 2.367,10 € in 14 payments.

Planned start date: the day following the resolution of the contract award.<sup>1</sup> (from 1 september 2026).

Type of contract: indefinite scientific-technical activities contract.

Employment status: associated researcher.

Workday: Full-time position (35 hours per week).

#### EVALUATION COMMITTEE:

Candidate's applications will be assessed by an Evaluation Committee. This Committee will be made up of the scientific head of the Project, who will chair it, the scientific members of the project research team assigned to CITMAGA.

#### Members of the Specialized Selection Commission:

- President: Dolores Gómez Pedreira
- Secretary: Pilar Salgado Rodríguez.
- Vocal: José Luis Ferrín.

**WORKPLACE:** The Galician Centre for Mathematical Research and Technology (CITMAGA), Campus Vida, Santiago de Compostela.

#### SUBMISSION OF APPLICATIONS:

People interested in this contract must send their applications before July 14 th 2026, 23:59 Spanish official time. Application should include a cover letter summarizing the applicant's career (general training and experience to be assessed, as well as additional merits referred to in the call), a curriculum (with mobile phone and email), and the academic title and transcript of degree and master; the "work life" (which proves the professional merits that appear in the curriculum vitae); and the accreditation of all the merits provided in the sections "Merits and requirements to

<sup>1</sup> The planned start date could be modified depending on the date of resolution of the contract award. The contract will become in force at the same time that the service enters in effect.

be assessed" (other certificates). All documentation must be sent to the following email address: [itmati@citmaga.gal](mailto:itmati@citmaga.gal) indicating the job vacancy reference CITMAga-OT-09/2026. The receipt of requests will be confirmed by email. Candidates who are invited to the interview phase must provide original documentation of the merits provided.

#### DEADLINES AND RESOLUTION:

Reception of applications: until July 14 th 2026 at 23:59 p.m., Madrid local time.

Evaluation of applications and personal interviews: week of 14 th of July

Resolution of the call: week of 20 of July

#### WAITING LIST

After the resolution of the call, the candidates who were not selected and meet the requirements established in the criteria of the call for positions, and respecting what is indicated in the call, may constitute a "waiting list" within the framework of this call. In order of merit and worth, as long as seventy points were reached. This "waiting list" will be made public on the same day as the resolution of the call and will be in force for a period of 6 months. The Evaluation Commission of the call, if it deems it appropriate, may make use of the "waiting list", as long as any worker resigns or causes voluntary withdrawal within the framework of the contract and during the time established and in force for the contract. "Waiting list".

#### CHARACTERISTICS OF CONTRACTS

The contracts agreed in this call will have an indefinite labor character for the development of the line of investigation indicated in each call for plazas, and the personnel hired through the same will be dedicated exclusively to carrying out the activities linked to the line of investigation for which they will be hired.

Those selected who are in possession of a foreign degree must submit, at the time of signing the contract, an application for equivalence of the degree and the academic level required for the open call, in which they were selected, or the homologation in the case of degrees that enable a regulated profession, in accordance with Royal Decree 967/2014, November 21, which establishes the requirements and the procedure for the homologation and certificate of equivalence and official university academic ranking and the validation of foreign studies of higher education, and the procedure to determine the equivalent level in the Spanish framework of qualifications for higher education in official degrees of Architecture, Engineering, Technical Architecture, Technical Engineering and Diplomas.

The gross remuneration of contracts is specified for each case. The contract will also require the registration in the General Social Security Scheme. The amounts referred to may be subject to changes established by the regulations applicable to them or by unexpected causes not initially foreseen.
